Cyber Security PhD Student Forum 2020

Call for Presentation

SICSA Cyber Security theme is pleased to announce the online PhD student Forum 2020. PhD students at SICSA Universities whose research is aligned with Cyber Security research are invited to participate in the forum and present their work in the form of posters.

Each submission should contain two files: (1) a PDF/Power Point presentation, and (2) a PDF of a 400 to 500 word abstract describing their research. Students of accepted submissions are expected to attend to present their research virtually.

The forum will be open for other PhD students but only accepted submissions will get opportunity to present.
